■ PUMP PASS Official Roadmap

Week 1 — Launch & Ironclad Security

✔ **100% Fair Launch**: Directly launched on pump.fun with zero pre-sales and zero insider allocations.

✔ **DEX Domination**: Instant listings on Raydium, Jupiter, and Orca.

✔ **100% Liquidity Lock**: Complete liquidity lock ensuring maximum investor safety.

✔ **100% Dev Wallet Lock**: Developer wallet fully locked — Buy Only, No Sell.

✔ **Community Takeover**: Aggressive marketing to dominate DeFi trackers and social platforms.

■ Week 2 — Scaling & Global Reach

✔ **CEX Listings**: Targeting MEXC, Bitget, and Gate.io for mass accessibility.

✔ **Strategic Partnerships**: Collaborations with Solana influencers and Web3 leaders.

✔ **Global Marketing Drive**: High-impact campaigns targeting worldwide investors.

✔ **NFT Holder Alpha**: Exclusive Private Telegram access for NFT holders.

Why Trust **$PASS**?

■ **Investor Protection**: 100% liquidity & dev wallet lock — community-first design.

■ **Transparency First**: Every step verified on-chain for total trust.

■ **Vision Driven**: Building a long-term legacy on the Solana blockchain.
